

DE ANDREIAN

J. SCHMID

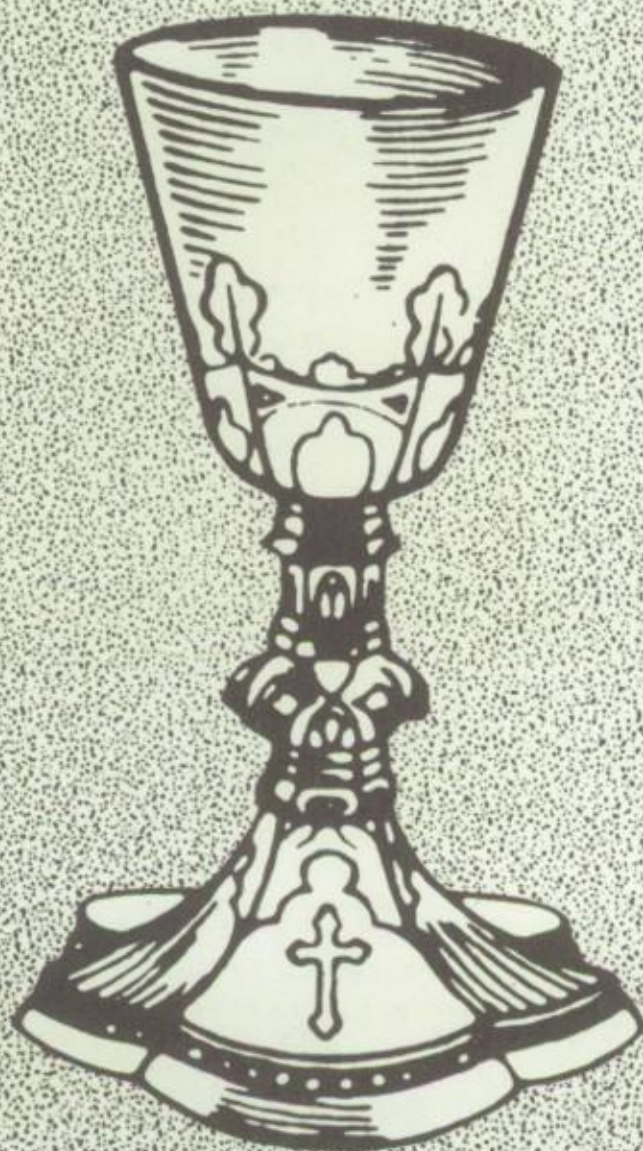

1966-De Andreian
De Andreis High School
Saint Louis, Mo. Volume 19

As we pass through the corridors of time, we shall always remember the teachers and friends we must leave behind.

We shall continue to put our trust in God, and accept the challenges that lie ahead.

We will endeavor through hard work, faith, and prayers to make this world a more secure, united and peaceful place for generations to come.

IN A YEAR OF CHANGE...
WE STRIVE FOR
EXCELLENCE.

The last year has seen many changes...One American dream is buried...And a new one is born...A newly elected President...A city's bicentennial...And a new school.

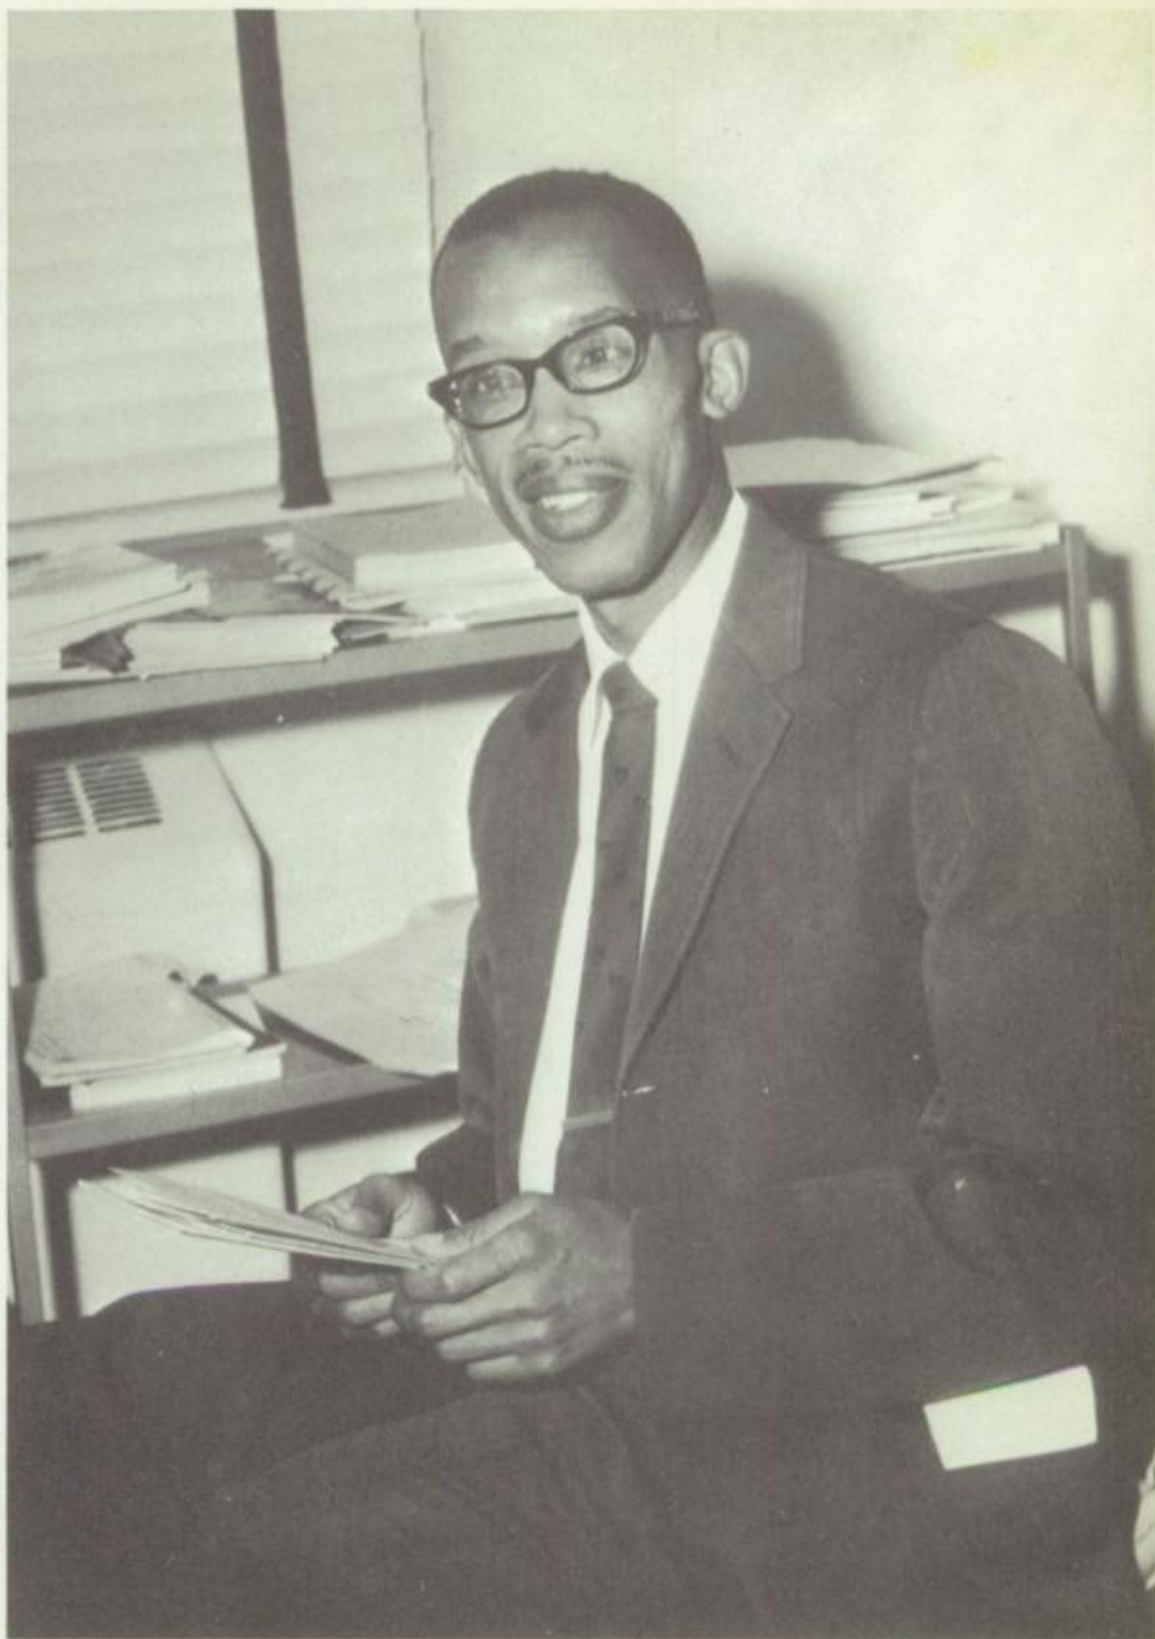

In our striving for the Holy Chalice of excellence, and in our unending quest for knowledge, we ask for the help of Our Creator.

Gentlemen, what is your malfunction?

Social Studies teacher, Junior Red Cross Moderator, Trusted adviser, Homeroom teacher, and Guidance Counselor—all of these activities are Mr. Joseph Wiley. His untiring and unselfish efforts in guiding the student of De Andreis High School in their future careers, has left a tremendous impression on all the persons who have had the good fortune of meeting him. With the sincere gratification of all the students who have passed through De A, we the members of the De Andreian Staff dedicate this 1966 Yearbook to Mr. Joseph Wiley.

Mr. Wiley at guidance.

MR. JOSEPH WILEY

Dedication

Mr. Wiley as a teacher.

BIOGRAPHY OF FATHER DE ANDREIS

We are principally indebted for the following life of his venerated Superior, the Very Rev. Felix De Andreis born on December 13, 1778 and died October 15, 1820.

Professor De Andreis was a lecturer of theology in Rome. Father De Andreis was a man endowed with eminent intellectual ability and a most amiable disposition; but he was principally remarkable for his great supernatural gifts. He was also a poet, a linguist theologian and an apostle. Had he devoted his attention to literature, instead of to the salvation of the poor and the spread of the gospel of Christ, he would, no doubt, have attained to no mean eminence among men of letters. Wherever he went and no matter how short his stay in a place, both clergy and laity seemed to feel the influence of his presence. He had but one object in view and that was the glory of God. He spent less than three years in St. Louis, yet so high was his reputation among the people for sanctity the people still remember him. Many feel that some day his heroic virtues will be publicly recognized by the Church, whose devoted son he was.

VENERABLE FELIX DE ANDREIS PRAYER

O Lord Jesus Christ, Savior of the world, who for the conversion of the nations and to bring all men into the one fold and under the one shepherd, hast founded Thy Church and established the holy order of Thy priesthood, and who in Thy beneficent Providence hast been pleased to call to this same holy priesthood thy faithful servant Felix De Andreis and to endow him with so many apostolic gifts and virtues, deign, we beseech Thee, Most Gracious Lord, to glorify this same Felix De Andreis by signs of Thy infinite power, manifested in his favor, so that in the judgement of Thy holy Church, he may be found worthy to be enrolled among Thy saints.

ATHLETE'S PRAYER

Dear Lord, in the struggle
that goes on through life
I ask but a field that is fair
A chance that is equal to all
in the strife
The courage to do and to dare.

And if I may win, let it be
by the code
With my faith and my honor
held high
But if I should lose, let me
stand by the Road
And cheer as the winner goes
by.

The football team started practicing in August, and worked throughout the season. When we look back at the team, we see that they achieved their main purpose; that is, to arouse school spirit within the student body. This the team did and did well.

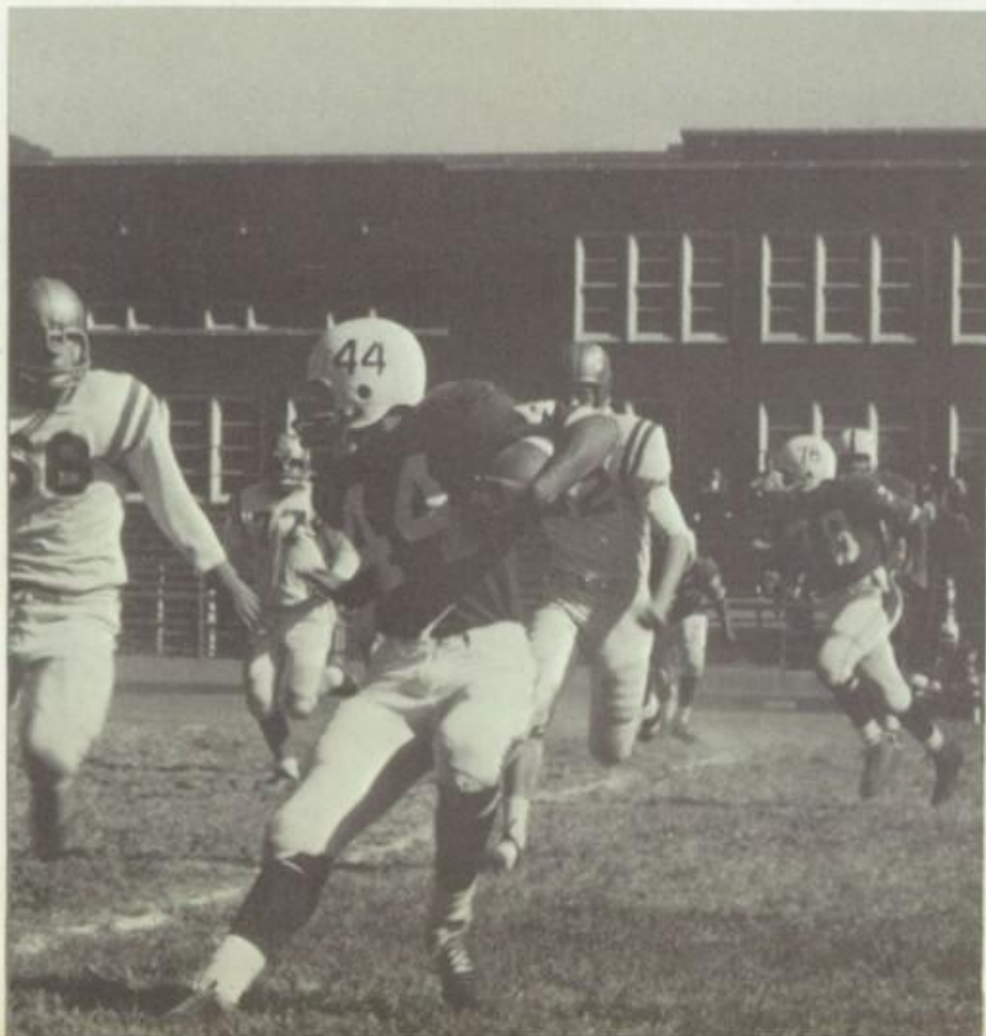

Football . . .

DeAndreis Wildcats in their 1965 year started off as champions defending their title from 1964. C.A.C. Co-City Champions, the 1965 Wildcats worked and fought hard to defend their title, but a young, green team, St. Mary's Dragons, beat them for first place position.

Means . . .

Though our Wildcats battled hard and diligently, with high spirits, against the Dragons of St. Mary, it all came to a close with a victory for our opponents. The defeat on that Sunday is well expressed by the peeved and sorrowful faces of our grid-ders.

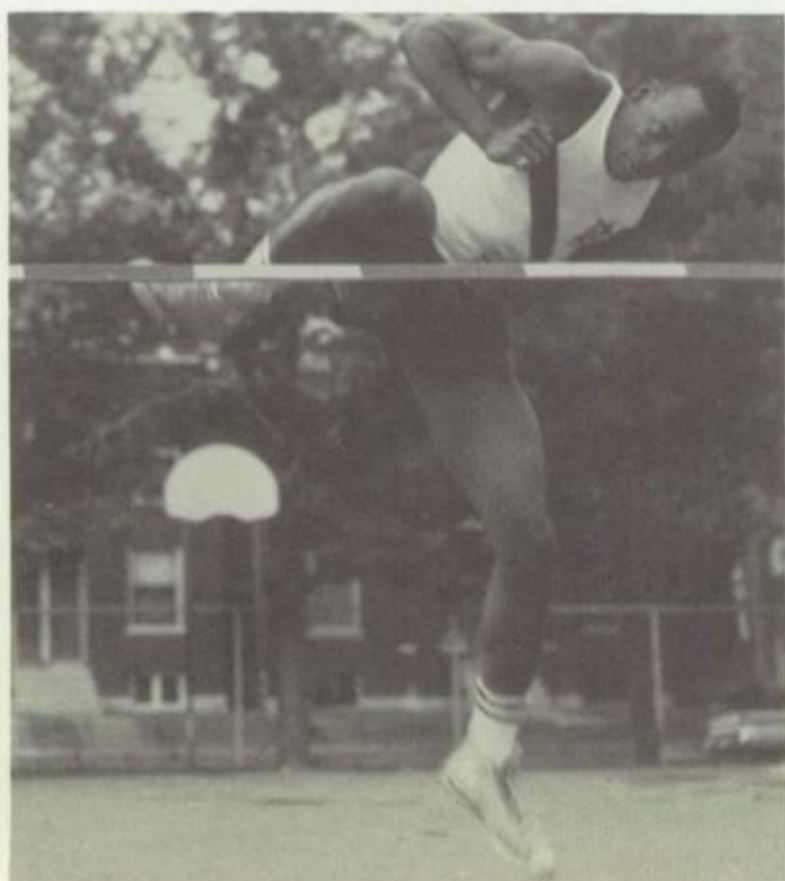

Action .

Against the facade of St. Mary's, a lone Wildcat, carrying the football, is chased by a trio of Dragons.

Track

The '65 season of the De Andreis track team was extremely good. They started at the end of February and practiced hard to achieve precision and speed. Competing against other schools in the C.A.C. they soon took precedence in sprinting and broad jumping. The track team through diligent work has become an outstanding group of athletes.

The 1965 De Andreis Baseball team distinguished itself by playing well against its opponents. They displayed strength of character on the field and off; their sportsmanship was a special rarity. For this year they built up the few weak spots they had.

Varsity Basketball

By defensive playing, the D. A. Wildcats won an outstanding victory against the McBride Micks. Our athletes refused to allow the Micks a moment's rest, and when the whistle blew, we won by a 59 - 55 edge. Now after defeating McBride at Normandy Tournament, the Wildcats won the 1965 Green Division Championship.

Teacher of the Year

A high school is composed of many things, of many elements, of achievements and disappointments, of hard work and hard play. An integral part of this composition of memories is the teacher. In our short career at De-Andreis we have seen many good teachers whom we will never forget. These teachers were, like a high school itself, a composition of many things. To us a good teacher is a person who can catch the students imagination with his subject and breathe into them a desire to learn. Who can be at different times and the same time an instructor and friend. It is our belief that these teachers stand out, not only in the walls of a school but in life as well. They live WHAT they teach AND WHAT they preach; as a result they are admired and respected. We therefore nominate as "Teacher of the Year", Mr. Jacque Schwaab.

Mr. Schwaab has been to those who have met him and worked with him, all of the above things. He came to De Andreis in September of 1962 and has taught Algebra, Geometry and Mathematics in the classroom. Many of us though, feel he has taught us much more. An outstanding teacher, who has made the most difficult Math problems seem simple; never-the-less he always has the time to explain a problem which a student could not understand. He has always been willing to listen to a student's troubles and problems and his good sense of humor and classroom manner have set a high example for others to follow.

Although this page could never fully express the high regard in which he is held, we do have faith that perhaps it will give to him and to others a small sense of our appreciation.

A Man for All Seasons

It is the belief of this yearbook staff that a yearbook has many functions. To record the events of the school year, to salute the graduating class and to give to them, and all the students, a book they can look back on and remember. We also believe that we should give recognition to those individuals who have excelled in and beyond the task that have been entrusted to them.

To qualify for this award the person must be hard working, dedicated, selfless, set a high standard in his work and life and have concern for his fellow human beings. These are high standards in anyone's book or for that matter in anyone's life. The persons position in life is of little importance, whether he be a pope or politician, teacher or student, he must first be true to the above mentioned ideals. We are very fortunate here at DeAndreis because this year we did not have to look far away. He is Mr. Charles Hamann.

It is the belief of this yearbook staff that a yearbook has many functions. To record the events of the school year, to salute the graduating class and to give to them, and all the students, a book they can look back on and remember. We also believe that we should give recognition to those individuals who have excelled in and beyond the task that have been entrusted to them. It is for this reason that the yearbook has inaugurated "THE MAN FOR ALL SEASONS" award.

Perhaps the words he used to describe John F. Kennedy would best describe himself better than anything we could say. "He satisfies the minds of those who think. . .and. . .he quickens the spirits of those who do. He frustrates all those old, out worn beliefs and prejudices, which burden men's dealings among their fellows."

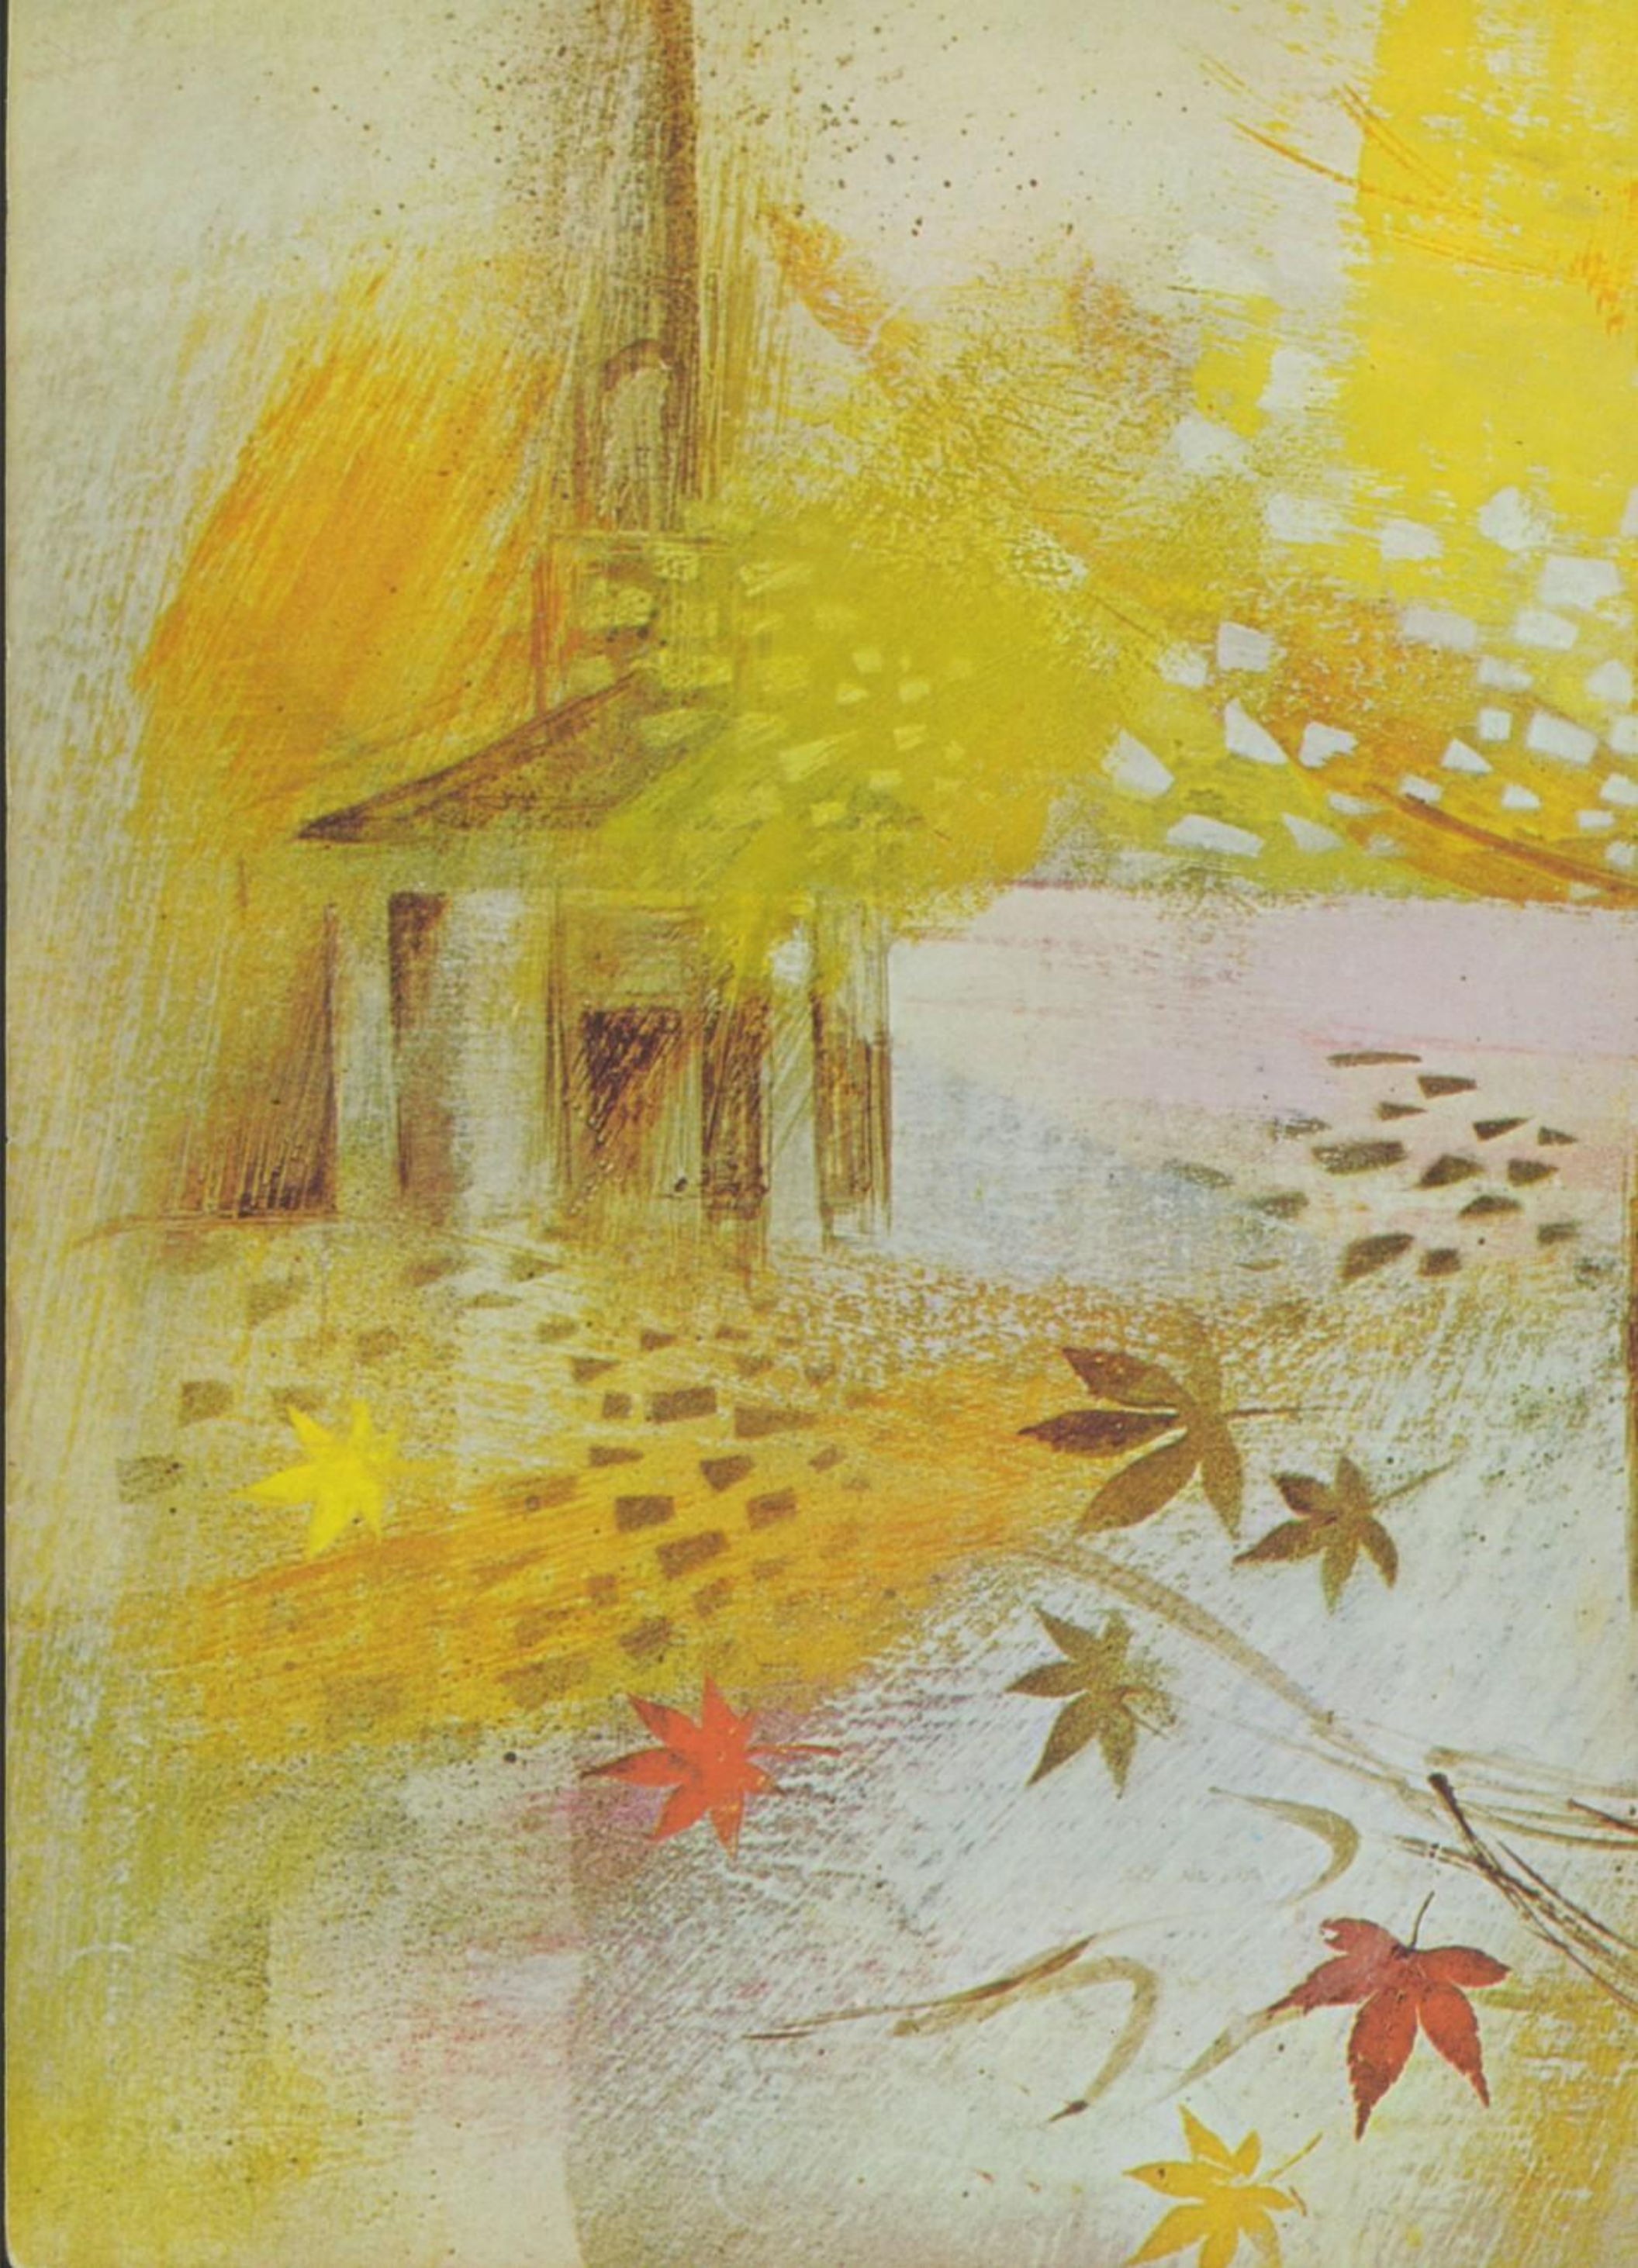

Mr. Charles H. Hamann is truly "A MAN FOR ALL SEASONS".
